DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed on December 20, 2003. In the
5 amendment claims 1 and 11 were amended. Currently, claims 1-22 remain for examination.

Allowable Subject Matter

2. Claims 1-22 are allowed.
3. The following is an examiner's statement of reasons for allowance: the claims are
10 directed at two-dimensional barcode, particularly to a spread-spectrum barcode that allows the
barcode to be read in its entirety even if some parts of the barcode is obscured. The cited
references fail to teach particular methods wherein the code recognizes texture and pattern of
fiducial data; and the fiducial data further modulated with its own pseudo-random kernel. The
method further discloses demodulating the source data utilizing two different (but related)
15 pseudo-random kernels more than once as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the
payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for
Allowance."
